

Mineral Fibre

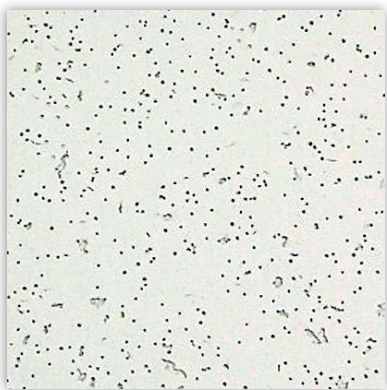

EXCEL - TONE MR — New NDF

EXCEL - TONE MR mineral fibre acoustic panels have high MR (moisture resistance) performance, fire resistance and thermal insulation properties, providing superior quality for ceiling applications.

They are guaranteed for 10 years against visible sagging up to 40°C and 99% Relative Humidity.

EXCEL - TONE MR is available in a diverse range of panel dimensions and edge profiles.

Surface patterns include:

New NDF ExcelTone

Travertine Delica ExcelTone

Key Attributes

- Cost Effective
- Non - directional Fissured pattern can be installed in any direction
- Excellent Acoustic Properties
- High Light Reflection
- RH 99
- Sag Resistant
- 10 Year Warranty

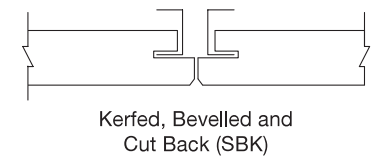

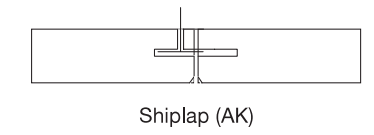

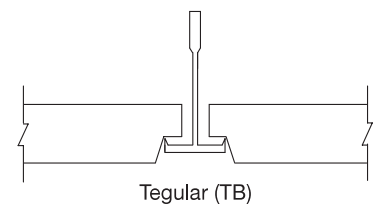

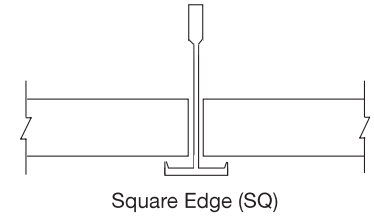

Applications

- Office Buildings
- Factories/Warehouses
- Showrooms
- Retail/Shopping Centres
- Restaurants
- Hospitals / Medical Centres
- Education Facilities
