COMMERCIAL SANITARY HARDWARE

BUYERS GUIDE

impact CONSTRUCTION SYSTEMS

Suppliers of innovative building products

Quality, Efficiency, Versatility, Innovation

MISSION STATEMENT

To supply the commercial building & public use facility industry with class leading service, quality and product support across our range of washroom & sanitary hardware & fixtures.

ABOUT US

Established in 2004, we experienced rapid expansion between 2009-current, supplying commercial builders with doors, jambs & hardware, and developed a specialty range of products compliant with todays disability & accessibility standards for the amenities & washroom industry.

FINISHES

All our products are 304 grade stainless steel unless stated. Powdercoated finishes are available.

SERVICES

We can help you through the process of obtaining what is required to make your project meet Australian standards, and offer a free specification and scheduling service to new projects, ensuring you get what is required.
