impact CONSTRUCTION SYSTEMS

***Quality. Efficiency.***
*Versatility. Innovation.*

### *About us*

Impact Construction Systems specialise in the design, development and manufacture of innovative building products for commercial fit-outs. Our advisory service, industry experience and expertise have enabled us to service the needs of organisations Australia-wide for over 30 years.

### *Assurance of service*

As a family owned business, we understand that personal service is critical. We offer a complete supply solution, including industry advisory and material take-off services.

- Complete supply solutions
- Industry advisory
- Material take-off services

rediframe™

# *Make an architectural statement with Rediframe™*

**Enhance your next construction project with Rediframe. With a sharp, contemporary commercial appearance, Rediframe is the most versatile door and window frame system available. Supplied in knock- down form and packaged with all necessary accessories, Rediframe is adjustable on site for easy installation.**

### *Sizes*

- Standard: Frames are available in standard sizes for time efficient installation
- Custom: Frames can be custom made to suit your requirements

### *Finishes*

- All frames supplied can be pre-finished in natural anodised coating
- All frames can be finished with powder coat (from the Dulux powder coat colour range)

### *Applications*

- Compatible with 90mm timber and steel stud framing systems
- Compatible with 10 or 13 mm plasterboard
- Compatible with doors from 35-45mm

### *Rediframe Jamb installation with adjacent wall detail*
